**Statement on Environmental Conservation**

Brevard C.A.R.E.S. recognizes the importance of conserving natural resources and the need to act responsibly in the use of those resources. The agency’s first priority is to serve at risk children and families. While the agency will never compromise the service delivery system to at risk children and families, Brevard C.A.R.E.S. will strive to identify and purchase environmentally preferable supplies and services for daily operational needs and for company events where appropriate and economically feasible. Wherever possible, Brevard C.A.R.E.S. will identify and successfully implement ways to conserve energy, reduce waste and promote recycling and re-use within the organization.
